

2024 Spring Summit (Virtual)

Advancing Nurse Leaders

Presented by the Omega Omicron Chapter of Sigma Theta Tau International

March 26, 2024

8am-1pm CST

Target Audience: This summit is designed for nurses and nursing students interested in discussing nursing leadership, research, and innovative topics to advance nursing practice (LPNs, RNs, and nursing students).

Contact Hours: 3 peer-reviewed contact hours

Upon completion of the program, participants will:

- Identify topics that foster professional well-being among nursing faculty and clinicians
- Discuss ways to incorporate healthy lifestyle behaviors to support the mental health of nurses in academia and the clinical setting
- Develop a comprehensive understanding of transformational leadership principles and practices to enhance organizational effectiveness, foster innovation, and inspire positive change within teams and across diverse workplace environments
- Recognize curiosity as a central tenant for personal and professional growth
